Figure 8 mistakenly just duplicates the plot of Figure 7. The correct plot of Figure 8 is shown below. It is a pleasure to thank Charles Brock of NOAA’s Earth System Research Laboratory for pointing out this mistake.

Interactive comment on Atmos. Chem. Phys. Discuss., 10, 24735, 2010.
Fig. 1. Correct plot of Figure 8. The original figure caption is correct with the exception that the lower diameter limit for our Mie theory calculations should read “0.01 \( \mu m \)”.
