"Interactive comment on “Comparison of CMAM simulations of carbon monoxide (CO), nitrous oxide (N₂O), and methane (CH₄) with observations from Odin/SMR, ACE-FTS, and Aura/MLS” by J. J. Jin et al.

J. J. Jin et al.

Received and published: 9 July 2008

At the end of the abstract:
"... but CMAM cannot does not reproduce this feature." should be "... but CMAM does not reproduce this feature.".
